

**Rainbow Fire Mystery School: First Initiation**  
*Igniting the Rainbow Fire March 20-April 2, 2010 Spring Equinox*

This dynamic and transformative twelve-day program is the First Initiation of Four Levels of the Rainbow Fire Mystery School. This four year Spiritual Mystery School program is designed to create a community of **144,000 Conscious Dreamers for 2012 and Beyond!** Each level is designed to activate, purify and awaken the Rainbow Fire Light Body, revealing your Higher Purpose and Life Purpose and inviting you to recommit to the Sacred Dreams you came to Earth to manifest. You will gather your dreaming power through the Sacred Medicine Wheels and Keys of Light and gain healing tools and techniques to align yourself with your own divine nature. Join us for this life-changing program on the Big Island of Hawaii at the very Heart of the Geologic “Ring of Fire”. Hawaii is the place where the Earth Mother releases her initial impulse of the White Fire of Transformation to all Earth’s Children. We will bask in this light at the balance point of Spring Equinox and be held in the most powerful and diverse landscapes of Pele’s mountains, volcanoes, lava beds, caves and tropical ocean beaches, while being imbued with her ancient Spirit of Aloha.

*“ The dream asks how we can support the Planetary Dream and how we can dream the solutions necessary to take our place of strength. One dreamer is worth 1000 warriors in the way of change and 144,000 dreamers dreaming the same dream can change the entire world.” -Arywn Larkin Dreamwalker*
